PROFESSIONAL SUMMARY

Frontend Developer with a strong foundation in ReactJS, JavaScript, and API integrations. Passionate about building intuitive and responsive web interfaces that enhance user experiences. Adept at using modern frameworks, collaborating with cross-functional teams, and delivering high-quality projects. A Microsoft Gold Student Ambassador with extensive experience in community engagement and mentoring.

PROFESSIONAL EXPERIENCE

Frontend Developer | KB Technologies (Nov 2024 - Dec 2024)

• Developed the "Giftshop and Digital Courses" platform, integrating Material-UI (MUI) for styling and API endpoints for seamless functionality.

• Utilized MUI to enhance the user interface and ensure consistent design across the application.

• Designed and implemented user interfaces for web applications using ReactJS.

• Collaborated with backend developers to optimize API consumption using the Fetch API.

Project Manager | COAVE (2024 – Present)

• Led initiatives to teach technology to secondary schools in Nigeria, successfully onboarding multiple schools.

• Designed and created engaging slides for instructors, leveraging PowerPoint Designer to enhance presentations.

• Conducted data visualizations using Microsoft Excel to track and analyze the growth metrics of Tech School.

API Tester | Krossing Technologies (2024)

• Collaborated with development teams to debug and enhance API performance.

Virtual Assistant | Nanios Media (2022 - 2023)

- Streamlined communications by responding to emails efficiently.

- Audited social media pages to enhance engagement and visibility.

Web Developer and Python Programmer | Self-Taught (2022 - Present)

- Developed a To-Do List web application using the MERN stack.

- Created dynamic data visualizations using Python's matplotlib library.

Developed an Agricultural Web application called Farn Swift with integration of AI for disease scanning.

SKILLS
